ABOUT OUR PROGRAM GUIDE

- We have worked hard to continue to develop new programs for all our members. As our program guide continues to grow, we know it is sometimes challenging to find programs for your family when organized by activity rather than age. We have aligned our program guide to be organized by age. We believe this is an easier way to search through a wide variety of program offerings in one section rather than looking through the entire guide.
- You will find the categories as follows:
 - Early Childhood (ages 0-4)
 - Youth (ages 5-12)
 - Teens (13-18)
 - Adult (18+)
 - Active Older Adults (55+)
 - Families (all ages)
 - Aquatics (all ages)
 - Sports (all ages)
- Ages are meant to be a guide, each program and discipline varies
- Some overlap will occur in offerings for age groups and you may see listings in multiple age groups.

FCY RUBBER DUCKS SWIM TEAM

Rubber Ducks Swim Team is a competitive program that offers children and teens an opportunity to work with trained coaches to improve swimming skills, endurance, and promote a healthy lifestyle. Participants build character values through personal improvement, training, goal-setting, teamwork, and competition. Teams compete locally, regionally and nationally. Season runs from September - March, with practices during the week and swim meets on the weekends. Swimmers will progress as participants, role models and leaders.

FLUFFS (Ages 6-10) In the Fluffs level, swimmers will learn the skills necessary for success in competitive swimming in a fun and supportive environment. Swimmers only need to be able to swim one length of the pool, freestyle and backstroke, to be placed in the Fluffs level. The coaches will teach all four strokes, starts, and turns. Swimmers will learn rules and etiquette around swim meets and practices. Fun and games will also be incorporated into practices to keep young swimmers interested and engaged.

DUCKLINGS (Ages 10-13) The Duckling level is for intermediate skilled swimmers who have mastered the basic fundamentals of each stroke and are physically and mentally prepared for more rigorous training. In this group, swimmers will be instructed on advanced stroke mechanics and skills. Training will become more of an emphasis in this level, with a focus on aerobic capacity and individual medley proficiency. Swimmers will be educated on advanced race strategies and will begin to participate in dry-land activities. It is encouraged that swimmers attend 4 practices per week

DUCKS (Ages 14-18) The Ducks level is for high school aged swimmers. There will be a heavy emphasis on training while continuing to develop and refine stroke mechanics and skills. At the Duck level, the training will be more event-specific, with more emphasis on race pace training. Swimmers are encouraged to attend at least 4 practices per week.
